

MDS (Master of Dental Surgery)
Title (Plan of Thesis)
(Session 2015-2018)

S.No.	Title (Plan of Thesis)	Department
1.	Histologic and immunohistochemical assessment of newer calcium silicate based cements as direct pulp capping agents: A randomised controlled study	Conservative Dentistry & Endodontics
2.	Correlative bacteriologic and micro-computed tomographic analysis of canals prepared with protaper gold, protaper universal and twisted files- An in vitro study	Conservative Dentistry & Endodontics
3.	Evaluation of changes in cerebral hemodynamics in cranioplasty patients using magnetic resonance perfusion	Oral and Maxillofacial Surgery
4.	Clinical Outcome of axial nasolabial flap : A comparison of conventional & doppler USG guided flap reconstruction in orofacial defects	Oral and Maxillofacial Surgery
5.	To compare the efficacy of cyanoacrylate tissue adhesive, conventional interrupted skin suture and staple for head and neck incisions : A randomized prospective study	Oral and Maxillofacial Surgery
6.	To Evaluate the treatment response and expression of hMLH1, MDM2 and p63 in oral potentially malignant disorder	Oral Medicine and Radiology
7.	Clinical Correlation & expression of ZEB1, Twist & E-Cadherin in patients with oral submucous fibrosis & oral cancer	Oral Medicine and Radiology
8.	Immunoexpression and genetic alteration of PTEN in Pathogenesis of Ameloblastoma	Oral Pathology and Microbiology
9.	Assessment of interleukin-18 gene polymorphism and serum levels in oral lichen planus-A prospective case control study	Oral Pathology and Microbiology

MDS (Master of Dental Surgery)
Title (Plan of Thesis)
(Session 2015-2018)

10.	Comparative evaluation of Cervical Vertebrae Maturation index and stages of Mandibular second molar Calcification : A Cross sectional study	Orthodontics and Dentofacial Orthopaedics
11.	Effect of low level laser therapy on pain and rate of tooth movement during fixed orthodontic treatment	Orthodontics and Dentofacial Orthopaedics
12.	Comparison of treatment effects of aesthetic Twin-block versus conventional Twin-block appliance	Orthodontics and Dentofacial Orthopaedics
13.	A comparative study on caries removal by Er,Cr:YSGG laser and conventional method using Air-rotorhandpiece in primary teeth	Pedodontics and Preventive Dentistry
14.	Tobacco use among school going children in New Delhi	Pedodontics and Preventive Dentistry
15.	Caries Prevalence, Oral Health knowledge, attitude, practices and treatment needs in 6-12 year old school going children of North-East Delhi	Pedodontics and Preventive Dentistry
16.	Assessment of Oral Health status and the Microbial load of Streptococcus Mutans in children with cerebral palsy of a tertiary care hospital in Delhi	Pedodontics and Preventive Dentistry
17.	Effect of Antimicrobial Photodynamic Therapy as compared to Er, Cr:YSGG Laser therapy in the Non Surgical treatment of chronic periodontitis: A clinical Study	Periodontics
18.	Effect of antibiotic impregnation-time on the release of gentamicin from cryopreserved allograft bone chips-An in vitro study	Periodontics

MDS (Master of Dental Surgery)
Title (Plan of Thesis)
(Session 2015-2018)

19.	Comparative evaluation of marginal and internal fit of Cast, CAD/CAM milled, Laser sintered Co-Cr copings and Electroformed galvano Copings : An in-vitro study	Prosthodontics, Crown & Bridge
20.	A Photographic evaluation of colour characteristics of peri implant soft tissue around single missing tooth in maxillary aesthetic zone before and after the surgical placements of implants	Prosthodontics, Crown & Bridge
21.	Effectiveness of Dental Health Education Methods on Oral Hygiene among hearing impaired children : A Randomized Control Trial	Public Health Dentistry
22.	Oral Health Status of children in Juvenile Homes and child protection units in Delhi	Public Health Dentistry
